Bored Puppets Yatch Club

1. Install Metamask

Install Metamask on your phone or
desktop and carefully follow instructions
to connect to the polygon rpc.

https://docs.polygon.technology/docs/develop/metamask/config-polygon-on-metamask/

2. Deposit MATIC TO Metamask

After successfully creating your wallet, purchase Polygon Chain MATIC on your favorite
exchange. Witdraw your matic to your metamask wallet. MATIC is the currency of the
Cronos Chain and is necessary for purchases and transaction fees.

3. Visit boredpuppiesyatchclub.com

After you have succesfully deposited to your wallet you can

buy your Bored Puppet by clicking on "Connect" and "Buy"

4. Check your new purchase on Opensea
