1. Install Metamask

Install Metamask on your
desktop and carefully follow instructions
to connect to the Moonbeam rpc.

Https://docs.moonbeam.network/tokens/connect/metamask/

2. Deposit GLMR to Metamask

After successfully creating your wallet, purchase Moonbeam Chain GLMR on your favorite exchange. Witdraw your GLMR to your metamask wallet. GLMR is the currency of the Moonbeam Chain and is necessary for purchases and transaction fees.

3. Visit boredpuppiesyachtclub.com

After you have succesfully deposited to your wallet you can

buy your Bored Puppet by clicking on "Connect" and "Buy"

4. Check your Bored Puppet Contribution

Find the link on our site!

Send your CRO contribution by clicking on "Buy Smarts Now" on your phone or desktop (same device as wallet)martmartians.com
